# **DRUNK-YOU MAKES BAD DECISIONS.**

## **How much can a DUI cost you?**

On average, a DUI can set you back \$10,000 in attorney's fees, fines, court costs, lost time at work, higher insurance rates, car towing and repairs, and more.

## **Does a DUI impact the community?**

The financial impact from impaired-driving crashes is devastating. Based on 2010 numbers, impaired-driving crashes cost the United States \$44 billion annually.

## **Will you go to jail?**

If you're caught drinking and driving, you could face jail time. Imagine trying to explain that to your friends and family or your place of employment.

## **Are there more consequences?**

Drinking and driving could cause you to lose your driver's license and your vehicle. This could inhibit you from getting to work, resulting in lost wages and, potentially, job loss.

# **PUT AWAY SOME DRINKS? PUT AWAY YOUR KEYS.**

Drunk driving is the ultimate form of unsportsmanlike conduct. Even if you've had only one alcoholic beverage, designate a sober driver or plan to use public transportation or a ride service.

Have a friend who is about to drink and drive? Take the keys away and make arrangements to get your friend home safely.
