## DRUNK-YOU MAKES BAD DECISIONS.

### How much can a DUI cost you?

On average, a DUI can set you back \$10,000 in attorney's fees, fines, court costs, lost time at work, higher insurance rates, car towing and repairs, and more.

### Does a DUI impact the community?

The financial impact from impaired-driving crashes is devastating. Based on 2010 numbers, impaired-driving crashes cost the United States \$44 billion annually.

### Will you go to jail?

If you're caught drinking and driving, you could face jail time. Imagine trying to explain that to your friends and family or your place of employment.

### Are there more consequences?

Drinking and driving could cause you to lose your driver's license and your vehicle. This could inhibit you from getting to work, resulting in lost wages and, potentially, job loss.

## PUT AWAY SOME DRINKS? PUT AWAY YOUR KEYS.

Drunk driving is the ultimate form of unsportsmanlike conduct. Even if you've had only one alcoholic beverage, designate a sober driver or plan to use public transportation or a ride service.

Have a friend who is about to drink and drive? Take the keys away and make arrangements to get your friend home safely.
