Rockvale High School ♦ Siegel High School

**TSSAA WOULD LIKE TO THANK OUR SPONSORS!**

# **DRUNK YOU MAKES BAD DECISIONS.**

## **How much can a DUI cost you?**

On average, a DUI can set you back \$10,000 in attorney's fees, fines, court costs, lost time at work, higher insurance rates, car towing and repairs, and more.

## **Does a DUI impact the community?**

The financial impact of impaired driving is devastating. Based on 2019 numbers, impaired-driving crashes cost the United States \$68.9 billion annually.

## **Will you go to jail?**

If you're caught drinking and driving, you could face jail time. Imagine trying to explain that to your friends and family or your place of employment.

## **Are there more consequences?**

Drinking and driving could cause you to lose your driver's license and vehicle. This could inhibit you from getting to work, resulting in lost wages and, potentially, job loss.

# **BENCH THE KEYS SAVE THE GAME.**

Drunk driving is the ultimate form of unsportsmanlike conduct. Even if you've had only one alcoholic beverage, designate a sober driver or plan to use public transportation or a ride service.

Have a friend who is about to drink and drive? Take the keys away and make arrangements to get your friend home safely.

# UNLOCK YOUR POTENTIAL

Meet the new K1 volleyball. As the trusted leader on the beach, Wilson is bringing the same expertise to indoor arenas.

The innovation behind the Wilson K1 taps the laws of physics to put the game back in the player's hands. New power lining technology transfers kinetic energy from ball to player, boosting your power to deliver stronger kills at higher speeds.

The Wilson K1 bridges the gap between innovation and individuals – making the game even more personal.

# YES, MILK HAS ELECTROLYTES

With all-natural electrolytes, carbs, and protein, milk hydrates better than water.

# BELIEVE IN GREATNESS.

BlueCross BlueShield of Tennessee thanks TSSAA for promoting the values that help student-athletes succeed on the field, and in life.
