The financial impact of impaired driving is devastating. Based on 2019 numbers, impaired-driving crashes cost the United States \$68.9 billion annually.

Will you go to jail?

If you're caught drinking and driving, you could face jail time. Imagine trying to explain that to your friends and family or your place of employment.

Are there more consequences?

Drinking and driving could cause you to lose your driver's license and vehicle. This could inhibit you from getting to work, resulting in lost wages and, potentially, job loss.

BENCH THE KEYS SAVE THE GAME.

Drunk driving is the ultimate form of unsportsmanlike conduct. Even if you've had only one alcoholic beverage, designate a sober driver or plan to use public transportation or a ride service.

Have a friend who is about to drink and drive? Take the keys away and make arrangements to get your friend home safely.
